<Survey Features>

- Enable Qualtric's Fraud Detection (i.e. multiple submission / bot) - See link
- Enable TaskMaster (Link) to record whether the participant went off page while evaluating the candidate

[Block: Intro]

timer_intro1	
intro_email	To begin the survey, please provide your **work email**. (You are participating in an *individual* capacity. Neither your name nor your firm's identity will ever be linked to any responses. This information is collected solely to verify participation from genuine industry professionals in the target industry. All identifying details will be removed from the dataset before analysis. No firm or individual will ever be singled out, or evaluated in any report or publication.) _____
intro_role_hr_eng	(intro_role_hr_eng == HR) - Added on Nov 12, 2025 Which option below **better** describes your main role **in the recruitment process for technical positions**? "Technical positions" in our survey refers to roles that involve writing, reviewing, or debugging code. These positions typically require college degrees in computer science or a related field. 1. Human Resources (handles initial screening and shortlisting of applicants) 2. Engineer (conducts technical assessments for shortlisted candidates and/or final selection) 3. Neither of the above
+++++ +++++ +++++ +++++ Pagebreak +++++ +++++ +++++ +++++	
timer_intro2	
intro_hr	(intro_role_hr_eng == HR) In this brief survey, you will be asked **(i)** to reflect on your firm's hiring practices, and **(ii)** to evaluate a few resumes from *Computer Science* majors. By completing this survey, you will be receiving the three different types of compensation: • **$25 gift card** for your participation. • (Optional) **Additional $10 gift card** for each colleague you invite from your firm who completes the survey. • Entries into a lottery for six **$50 gift cards**. Your chances of winning increase based on the accuracy of your candidate evaluations. At the end of the survey, you may choose to be **introduced to graduating Computer Science students from UC Berkeley** — drawn from our pool tested through an in-person, unassisted coding assessment. Based on your candidate evaluations, we will match you with students and share their résumés, coding scripts, and contact information for potential hiring or referrals. Please note that we will conduct an internal review of response quality, which may affect eligibility for participation compensation. *(Note: Please **use a computer to complete this survey**. Mobile devices will not*

	display all content correctly.)
intro_eng	(intro_role_hr_eng == Eng) In this brief survey, you will be asked **(i)** to reflect on your firm's hiring practices, and **(ii)** to evaluate a few resumes (with code samples) from *Computer Science* majors. By completing this survey, you will be receiving the three different types of compensation: ● **$40 gift card** for your participation. ● (Optional) **Additional $10 gift card** for each HR professional or software engineer you optionally invite from your firm who completes the survey. ● Entries into a lottery for six **$50 gift cards**. Your chances of winning increase based on the accuracy of your candidate evaluations. At the end of the survey, you may choose to be **introduced to top graduating Computer Science students from UC Berkeley** — drawn from our pool tested through an in-person, unassisted coding assessment. Based on your candidate evaluations, we will match you with students and share their résumés, coding scripts, and contact information for potential hiring or referrals. Please note that we will conduct an internal review of response quality, which may affect eligibility for participation compensation. *(Note: Please **use a computer to complete this survey**. Mobile devices will not display all content correctly.)*

[Section 0: Consent]

UNIVERSITY OF MICHIGAN
CONSENT TO BE PART OF A RESEARCH STUDY

1. KEY INFORMATION ABOUT THE RESEARCHERS AND THIS STUDY

Principal Investigator: Heesung Kim, PhD student in Economics, University of Michigan

Co-Investigator(s): Minjeong Joyce Kim, PhD student in Economics, University of Michigan

External Collaborator: Seung Yong Sung, PhD student in Agricultural and Resource Economics, University of California, Berkeley

Faculty Advisor: Justin Holz, Assistant Professor at Ford School of Public Policy, University of Michigan

Study Sponsor: University of Michigan Economics Department
University of California Berkeley Ag. Resource. Economics Department
University of California Berkeley Institute for Research on Labor and Employment

You are invited to take part in a research study for HUM00242325. This form contains information that will help you decide whether to join the study.

1.1 Key Information

Things you should know:

- The purpose of the study is to understand which components of the resumes employers in the tech industry care about the most.
- If you choose to participate, you will be asked to fill out a survey that will take approximately 15 minutes to complete. In this survey, you will be asked to evaluate 18 real student resumes.
- Risks or discomforts from this research include the time taken to complete the survey, and the breach of confidentiality.
- The direct benefits of your participation are receiving actual resumes of college students in CS or related majors you will receive when you complete the survey.

2. PURPOSE OF THIS STUDY

The purpose of this study is to understand which components of the resumes employers in the tech industry care about the most. Using employers' evaluation of real student resumes, the researchers will estimate the preference of the employers, and match the employer with the actual resumes that closely aligns with the employers' preference.

3. WHO CAN PARTICIPATE IN THE STUDY

3.1 Who can take part in this study?

Any tech firms looking to hire CS or related college graduates can participate in this study.

4. INFORMATION ABOUT STUDY PARTICIPATION

4.1 What will happen to me in this study?

During this study, you will complete a survey that will ask you to rate 18 real resumes from CS students at the UC Berkeley. Once you complete the survey, we will use your response in the survey to provide you with students' resumes that best match your preferences if you choose to receive students' resumes. Contact information for those students will also be provided.

4.2 How much of my time will be needed to take part in this study?

Participants will be asked to complete a survey that will take approximately 30 minutes to complete.

5. INFORMATION ABOUT STUDY RISKS AND BENEFITS

5.1 What risks will I face by taking part in the study? What will the researchers do to protect me against these risks?
Breach of confidentiality is the primary risk in this study. The researchers will try to minimize these risks by deanonymizing any identifiable information of the participants. You do not have to answer any questions you do not want to answer.

Because this study collects information about you, the primary risk of this research is a loss of confidentiality. See Section 8 of this document for more information on how the study team will protect your confidentiality and privacy.

5.2 How could I benefit if I take part in this study?
You might benefit from participating in the study by receiving student resumes of UC Berkeley that most closely aligns with your preference. The researchers have also measured the coding ability of the students who participated in our study, and this information will be shared with you at the end of the study when you receive the resumes.

6. ENDING THE STUDY

6.1 If I want to stop participating in the study, what should I do?
You are free to leave the study at any time. If you leave the study before it is finished, there will be no penalty to you. If you decide to leave the study before it is finished, please tell one of the persons listed in Section 9. "Contact Information". If you choose to tell the researchers why you are leaving the study, your reasons may be kept as part of the study record. The researchers will keep the information collected about you for the research unless you ask us to delete it from our records. If the researchers have already used your information in a research analysis it will not be possible to remove your information.

7. FINANCIAL INFORMATION

7.1 Will I be paid or given anything for taking part in this study?

(For HR)

You will receive $25 upon completing the survey. Additionally, you will receive an additional $10 gift card(s) for each successful invite if you choose to invite one of your firm's engineers. Lastly, you will enter into a lottery that gives you a chance to win a $50 gift card . If you choose to receive students' resumes, you will receive resumes of UC Berkeley students that most closely aligns with your preference.

(For Engineers)

You will receive $40 upon completing the survey. Additionally, you will receive an additional $10 gift card(s) for each successful invite if you choose to invite one of your firm's engineers. Lastly, you will enter into a lottery that gives you a chance to win a $50 gift card . If you choose to receive students' resumes, you will receive resumes of UC Berkeley students that most closely aligns with your preference.

8. PROTECTING AND SHARING RESEARCH INFORMATION

8.1 How will the researchers protect my information?
No personally identifiable information will be collected unless it is collected for the purpose of providing the resumes to the participants and/or for the purpose of providing monetary compensation described in Section 7.1. Any personally identifiable information will be anonymized and stored in a secure computer, and it will only be used to elicit your preference to match you with the resumes. In addition, only the principal/co-investigators and the external collaborator specified in this consent form will have access to the data stored in a secure computer. Any other analysis done for research purposes will exclude any personally identifiable information.

8.2 Who will have access to my research records?

There are reasons why information about you may be used or seen by the researchers or others during or after this study. Examples include:

- University, government officials, study sponsors or funders, auditors, and/or the Institutional Review Board (IRB) may need the information to make sure that the study is done in a safe and proper manner.

8.3 What will happen to the information collected in this study?
We will keep the information we collect about you for further research on analyzing firms' hiring decisions. Your name and other information that can directly identify you will be stored securely and separately from the research information we collected from you. We will not keep your name or other information that can identify you directly.

The results of this study could be published in an article or presentation, but will not include any information that would let others know who you are.

8.4 Will my information be used for future research or shared with others?
We may use or share your research information for future research studies. If we share your information with other researchers it will be de-identified, which means that it will not contain your name or other information that can directly identify you. This research may be similar to the current study or completely different. We will not ask for your additional informed consent for these studies.

9. CONTACT INFORMATION

Who can I contact about this study?
Please contact the researchers listed below to:

- Obtain more information about the study
- Ask a question about the study procedures
- Express a concern about the study

Principal Investigator: Heesung Kim
Email: kheesung@umich.edu
Phone: 734-358-9514

Faculty Advisor: Justin Holz
Email: holzj@umich.edu

If you have questions about your rights as a research participant, or wish to obtain information, ask questions or discuss any concerns about this study with someone other than the researcher(s), please contact the following:

University of Michigan
Health Sciences and Behavioral Sciences Institutional Review Board (IRB-HSBS)
2800 Plymouth Road
Building 520, Room 2144
Ann Arbor, MI 48109-2800
Telephone: 734-936-0933 or toll free (866) 936-0933
Fax: 734-936-1852
E-mail: irbhsbs@umich.edu

You can also contact the University of Michigan Compliance Hotline at 1-866-990-0111.

10. YOUR CONSENT

Consent/Assent to Participate in the Research Study
By signing this document, you are agreeing to be in this study. Make sure you understand what the study is about before you sign. If you have any questions about the study after you sign this document, you can contact the study team using the information in Section 9 provided above.

I understand what the study is about and my questions so far have been answered. I agree to take part in this study.

timer_consent	
s0_consent_yes no	Do you agree to participate in this study? 1. Yes 2. No -> exit the survey
s0_name_first	**First name.**: _____
s0_name_last	**Last name.**: _____
s0_signature	Please **sign below** if you agree to participate in the study:: _____
s0_signature	**Today's date** (mm/dd/yyyy). For example, 02/28/2025 _____

[Section 1: Screening]

timer_s1_1	
s1_intro	A few quick questions to confirm you're eligible.
s1_everpart	Have you **taken this survey before**? (If you responded to our survey in 2024, choose "No.") 1. Yes -> exit the survey 2. No
s1_country	**Country of current residence** [a list of countries] -> exit the survey if US is not selected
s1_yob	**Year of birth** (YYYY) [enter text] -> exit the survey if > 2005
s1_emp	Current **employment status**? 1. Employed full-time 2. Employed part-time 3. Self-employed full-time -> exit the survey 4. Self-employed part-time -> exit the survey 5. Other types of paid work -> exit the survey 6. Unemployed -> exit the survey
s1_techindustry	Broadly speaking, do you **work in the tech industry**? 1. Yes 2. No -> exit the survey 3. Maybe
+++++ +++++ +++++ +++++ Pagebreak +++++ +++++ +++++ +++++	
timer_s1_2	
s1_definition	Throughout this survey, **the term "technical positions" refers to** roles that involve writing, reviewing, or debugging code. These positions typically may require college degrees in computer science or related fields.
s1_codingexp	(intro_role_hr_eng == Eng) Does your **current or previous job involve writing, reviewing, or debugging code**? 1. Yes 2. No -> exit the survey
s1_irr_firm	Is your company currently looking **to hire for technical positions in the United States**? 1. Yes 2. No 3. Maybe in the future
s1_hiringexp	Have you ever been involved in **recruitment/hiring for the technical positions**? 1. Yes 2. No -> exit the survey
+++++ +++++ +++++ +++++ Pagebreak +++++ +++++ +++++ +++++	
timer_s1_3	

s1_send_resume	After this survey, we can introduce you to **UC Berkeley Computer Science** students you rated highly. Note, again, they sat through our in-person, unassisted coding assessment. We can share their **resumes, code snippets, and contact info** so you can potentially reach out for **hiring or referrals**. **Would you like to receive real resumes (with contact information)?** 1. Yes (interested) 2. No (not interested)

[Section 2: Demographics]

timer_s2_1	
s2_intro	Now, we would like to ask a couple of general questions about yourself / your firm.
s2_gender	What **gender pronouns** do you use? 1. She/her 2. He/his 3. They/their 96. Others (please specify) _____
s2_race	What **race/ethnicity** best describes you? 1. White/Caucasian, non-Hispanic 2. Black or African-American, non-Hispanic 3. Hispanic 4. American Indian or Alaska Native 5. Asian or Asian American 6. Native Hawaiian or Pacific Islander 96. Other (please specify) _____
+++++ +++++ +++++ +++++ Pagebreak +++++ +++++ +++++ +++++	
timer_s2_2	
s2_asian_eth	(s2_race == Asian or Asian American) Which **ethnic group** do you consider yourself to belong to? 1. Chinese (or Chinese American) 2. Filipino (or Filipino American) 3. Indian (or Indian American) 4. Japanese (or Japanese American) 5. Korean (or Korean American) 6. Pakistani (or Pakistani American) 7. Taiwanese (or Taiwanese American) 8. Thai (or Thai American) 9. Vietnamese (or Vietnamese American) 96. Other (please specify) _____
s2_educ	What is the **highest level of formal education** you have completed? 1. No formal education 2. Incomplete primary school 3. Complete primary school 4. Incomplete secondary 5. Complete secondary 6. Some university-level education, without degree 7. University-level education, with degree 8. Some post-secondary education (for example: MA, MBA, JD, PhD) 9. Post-secondary education, with degree (for example: MA, MBA, JD, PhD)
s2_income	How much total money did you earn, before taxes during 2024? 1. Less than $25,000 2. $25,000 to $49,999 3. $50,000 to $99,999 4. $100,000 to $149,999 5. $150,000 to $199,999 6. $200,000 to $499,999

	7. $500,000 to $999,999 8. More than $1 million
+++++ +++++ +++++ +++++ Pagebreak +++++ +++++ +++++ +++++	
timer_s2_3	
s2_firm_name	What is the **name of the company you're currently working** at? ____
s2_same_firm_inviter	(InvitedBy == Not Empty) You were invited by a colleague, who works at **${e://Field/InvitedBy_firm}**. Can you confirm this is the same company as the one you're currently working at? 1. Yes, it is the same company. 2. No, it's a different company.
s2_firm_url	Please provide the **company website:** ____
+++++ +++++ +++++ +++++ Pagebreak +++++ +++++ +++++ +++++	
timer_s2_4	
s2_firm_howlong	**How long have you worked at ${q://QID5/ChoiceTextEntryValue}?** **Enter years and additional months.** Year(s): _____ and Month(s) _____
s2_firm_industry	Which of the following best describes the **primary industry** of the company, ${s2_firm_name/ChoiceTextEntryValue}? 1. Accounting 2. Advertising 3. Agriculture/Fishing 4. Architecture 5. Automotive 6. Aviation 7. Banking/Financial 8. Bio-Tech 9. Brokerage 10. Carpentry/Electrical installations 11. Chemicals/Plastics/Rubber 12. Communications/Information 13. Computer Hardware 14. Computer Reseller (software/hardware) 15. Computer Software 16. Construction 17. Consulting 18. Consumer Electronics 19. Consumer Packaged Goods 20. Education 21. Energy/Utilities/Oil and Gas 22. Engineering 23. Environmental Services 24. Fashion/Apparel 25. Food/Beverage 26. Government/Public Sector 27. Healthcare

	28. Hospitality/Tourism 29. Human Resources 30. Information Technology/IT 31. Insurance 32. Internet 33. Legal/Law 34. Manufacturing 35. Marketing 36. Market Research 37. Media/Entertainment 38. Military 39. Non Profit/Social services 40. Personal Services 41. Pharmaceuticals 42. Printing Publishing 43. Public Relations 44. Real Estate/Property 45. Retail/Wholesale trade 46. Sales 47. Security 48. Shipping/Distribution 49. Telecommunications 50. Transportation 96. Other [please write in]
s2_firm_jobtitle	What is your **job title, level, or responsibility** at ${s2_firm_name/ChoiceTextEntryValue}? 1. C-Level (e.g. CEO, CFO), Owner, Partner, President 2. Vice President (EVP, SVP, AVP, VP) 3. Director (Group Director, Sr. Director, Director) 4. Manager (Group Manager, Sr. Manager, Manager, Program Manager) 5. Analyst 6. Assistant or Associate 7. Administrative (Clerical or Support Staff) 8. Consultant 9. Intern 10. Volunteer 96. Other [please write in]
s2_firm_department	Which **department** do you primarily work within at ${s2_firm_name/ChoiceTextEntryValue}? 1. Administration / General Staff 2. Creative / Design 3. Customer Service / Client Service 4. Entertainment 5. Executive Leadership 6. Finance / Accounting 7. Human Resources 8. Legal / Law 9. Logistics / Shipping 10. Market Research 11. Marketing 12. Medical 13. Operations 14. Procurement 15. Production 16. Product Management / Product Development 17. Research & Development 18. Sales / Business Development

<table>

3. Non-binary / other (%) : _____</td></tr>
</table>

[Section 3: Candidate Evaluations]

[Section 3.1: Evaluation Intro]

timer_s3_intro	
s3_intro_hr	(intro_role_hr_eng == HR) You will evaluate **184 résumés from Computer Science students at UC Berkeley** and determine whether you would advance the candidate to the next stage, an in-depth technical evaluation with the engineering team.
s3_intro_eng	(intro_role_hr_eng == Eng) You will evaluate **18 résumés and short code submissions from UC Berkeley CS students.** Each student took an in-person and unassisted (no online access) coding test designed to mimic the technical screening. Below are the two questions used. For each student, you will also see: **(i) the time taken to complete the questions, (ii) the number of test cases passed, and (iii) whether the code successfully compiles**. **Question 1: Assigning Cookies** Assume you are an awesome parent and want to give your children some cookies. But, you should give each child at most one cookie. Each child i has a greed factor g[i], which is the minimum size of a cookie that the child will be content with; and each cookie j has a size s[j]. If s[j] >= g[i], we can assign the cookie j to the child i, and the child i will be content. Your goal is to maximize the number of your content children and output the maximum number. **Question 2: Number of Islands** Given an m x n 2D binary grid which represents a map of '1's (land) and '0's (water), return the number of islands. An island is surrounded by water and is formed by connecting adjacent lands horizontally or vertically. You may assume all four edges of the grid are all surrounded by water.
s3_intro_IRR_yes	(IRR == yes) Please evaluate these candidates as if they were applying to your company. You may later be matched with the students you believe show the greatest potential.
s3_intro_IRR_no	(IRR == no) Please evaluate these candidates as if they were being considered real positions. Your honest assessment is important and may directly affect their opportunities.

s3_intro_lottery	You will rate each candidate's coding ability. We already have their actual test scores—scored by industry professionals on test-case pass rate, readability, and efficiency—for comparison. **Six respondents will each win a $50 gift card. Your chance of winning increases the closer your ratings are to the candidates' actual scores.**
s3_intro_blind	To protect student privacy, **names are hidden**. If you wish to connect with any candidate, we will share their contact information after the survey.

[Section 3.2: Evaluation]

resX_timer	
sc_coding_X	How good do you think this person (NAME) will be in **coding**? (Not at all good - Extremely good)
sc_fit_X	How good of a **fit** do you think this person will be in your workplace? (Not at all good - Extremely good)
sc_stay_X	How likely would this person **stay** in your company for the next 5 years? (Not at all likely - Extremely likely)
sc_overall_X	How would you rate this person **overall**? [Input score between 0 and 100]
sc_advance_X	(intro_role_hr_eng == HR) Would you select this person to **advance to the next hiring stage** for more in-depth technical evaluation? 1. Yes 2. Not

For resume 4, the following attention questions are shown:

timer_attention	
attention_name	(treat == nonblind) **Name** of the candidate in the last resume shown. 1. ${e://Field/r4} (This will show whatever name was randomly assigned to res 4, per version assignment.) 2. Jade Mon 3. Kayle Marsh 4. Amber Tan 5. Nishant Aery 6. Sid Pallerla
attention_gpa	In the last resume shown, which range best describes the candidate's GPA? 1. Below 3.00 2. 3.00 - 3.20 3. 3.20 - 3.40 4. 3.40 - 3.60

	5. 3.60 - 3.80 6. 3.80 - 4.00
attention_work	Select two **work experiences** listed in the last resume shown. 1. Amazon 2. US Department of Agriculture (USDA) 3. Uber 4. Google 5. U.S. Environmental Protection Agency (EPA) 6. Center for Human-Compatible AI
attention_proj	Select two **project experiences** listed in the last resume shown. 1. Heinz 2. Rat in the Trap 3. AI for Climate Obstruction Research 4. Smart Ambulance Dispatch 5. BayMac 6. Ontology & LLM Integration Research

timer_s3_2	
s3_outside_res	While evaluating the resumes, did you at all use **online search (i.e. Google or LinkedIn, others)** about the candidate? 1. No, I did not conduct external online search at all (i.e. Google or LinkedIn) 2. Yes, for one or more resumes, I searched for the candidate online

[Section 4: Hiring Experience]

timer_s4_1	
s4_intro	We'll now ask a few questions about your experience hiring for **technical positions**. Please answer to the best of your knowledge. Again, **technical positions** refer to early-career roles that involve writing, reviewing, or debugging code—typically requiring a degree in **computer science or a related field**.
s4_hr_extrecruit	Which best describes your current HR role? 1. I work in an internal HR or recruiting team (within my company) 2. I work as an external recruiter or agency-based talent professional 3. Other (please specify): _____
s4_recruit_stages	*Please select **all stages** of the recruiting process in which you are involved. [Select all that apply]* 1. Resume screening 2. Reference checks 3. Technical exercises 4. Interview, non-technical (i.e. behavioral interview) 5. Interview, technical (i.e. coding interview) 6. Making an offer
s4_recruit_exp	In your career, **how long** have you been involved in recruiting or evaluating candidates for technical positions? Enter years and *additional* months. 1. Year(s)_____ 2. Month(s) _____
s4_ever_ucbgrad	Have you ever had **any professional interaction** with recent UC Berkeley computer science students? *[Select all that apply.]* 1. I have hired one 2. I have received a job application from one 3. I have worked alongside one 94. None of the above 99. I do not know
+++++ +++++ +++++ +++++ Pagebreak +++++ +++++ +++++ +++++	
timer_s4_2	
s4_jobposition	(IRR == yes) *What is the **job position** you are (or may be) hiring for in the **technical roles** described above? [Select all that apply.]* *1. AI Engineer* *2. Back-End Developer* *3. Blockchain Developer* *4. Computer Hardware Engineer* *5. Cloud Engineer* *6. Front-End Developer* *7. Full-Stack Developer* *8. Information Security Analyst* *9. Machine Learning Engineer* *10. Mobile App Developer* *11. Network Engineer*

	12. Project Manager *13. Software Developer/Engineer* *14. System Architect* *15. Web Designer* *16. UX Designer* *17. Video Game Developer* *96. Others [please write in] _____*
+++++ +++++ +++++ +++++ Pagebreak +++++ +++++ +++++ +++++	
s4_job_salary	(Display for each s3_jobposition selected) What is the **approximate yearly salary (in USD)** your company offers (or plans to offer) for each position selected above?
